Stewardship Corner

The subject of health reform has been presented in the churches; but the light has not been heartily received. The selfish, health-destroying indulgences of men and women have counteracted the influence of the message that is to prepare a people for the great day of God. If the churches expect strength, they must live the truth which God has given them. If the members of our churches disregard the light on this subject, they will reap the sure result in both spiritual and physical degeneracy.

HIV Desk

HIV is Real: In HIV and AIDS, prayer, a good diet and exercise are important health aspects and surely goodness and mercy shall follow me all the days of my life. Psalms 23:6
